

Village of Villa Park

Stormwater & Combined Sewer Separation Fees

In order to provide the residents of Villa Park with the best possible infrastructure improvements, you will note some changes made to the fees on your utility bill.

The fees are meant to provide funding for the construction of improvements to alleviate flooding and reduce sewer back-ups during storm events. The funds would be used for combined sewer separation and storm water improvements, mostly in conjunction with scheduled road improvements.

Please note the new fees in the table below for stormwater management program and combined sewer separation. Your patience is appreciated, and you may contact the Village of Villa Park at (630) 834-8500 if you have any further questions.

VILLAGE OF VILLA PARK UTILITY BILLING FEES		
	RESIDENTIAL	COMMERCIAL
Security Deposit	\$150	\$300
Water per 1,000 gallons as of 1/1/17	\$8.85	\$8.85

* New Fees

Ordinance No. 3933

AN ORDINANCE OF THE VILLAGE OF VILLA PARK, DUPAGE COUNTY, ILLINOIS, ESTABLISHING A STORMWATER MANAGEMENT PROGRAM AND CHARGE, AND A COMBINED SEWER SEPARATION CHARGE

WHEREAS, the Village of Villa Park (the “*Village*”) is a duly organized and validly existing non-home rule municipality created in accordance with the Constitution of the State of Illinois of 1970 and the laws of the State; and,

WHEREAS, Section 11-31-1 of the Illinois Municipal Code (65 ILCS 5/11-31-1) establishes the Village’s zoning powers including the Village’s authority to adopt ordinances so, “that the hazards to persons and damage to property resulting from the accumulation or runoff of storm or flood water may be lessened or avoided” and,

WHEREAS, the Illinois Municipal Code also authorizes pursuant to the following sections the Village to:

1. regulate the construction, repair and use of culvers, drains and sewers (11-20-10),
2. lessen or avoid the hazards and damage to property from flooding by regulations of construction and alteration of structures (11-30-2),
3. regulate the grading and drainage of lots and preserve drainage channels (11-30-8),
4. construct, repair and regulate culverts, drains and sewers (11-109-1),
5. provide for the cleansing and purification of waters, water courses and canals (11-20-4), and,

WHEREAS, the Village is legally authorized to own, build, maintain and operate a stormwater and sanitary sewer system to protect and preserve the public health, safety, and welfare and for the protection of the natural resources of the Village; and,

WHEREAS, the Village has adopted by reference for the purpose of promoting effective, equitable and acceptable stormwater management measures DuPage County’s Stormwater and Floodplain Ordinance (Appendix D of the Villa Park Municipal Code); and,

WHEREAS, over the years the Village has experienced an increase in urbanized areas and impervious surfaces and the enactment of State and federal regulations relating to the quality of stormwater runoff; and,

WHEREAS, the Village seeks to increase the frequency of stormwater infrastructure inspections and maintenance activities; add more resources for compliance with the National Pollutant Discharge System permit; reduce stormwater pollution; update the Village’s Stormwater Master Plan, implement sustainable stormwater management practices; increase funding levels for stormwater infrastructure repairs and capital

improvement projects and separate the combined storm water and sanitary sewer system; and,

WHEREAS, the Village has determined that it needs a dedicated source of funding to properly address its stormwater management program needs and to fund the separation of the storm sewer and sanitary sewer system.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Villa Park, DuPage County, Illinois, as follows:

Section 1: That Article V. is hereby added to Chapter 25 of the Villa Park Municipal Code to read as follows:

**“ARTICLE V
STORMWATER MANAGEMENT PROGRAM**

Sec. 25-500 Establishment of a Stormwater Management Program and a Stormwater Fund

- A. The Village hereby establishes a stormwater management program to provide for the management, protection, control, regulation, use and enhancement of the stormwater systems and facilities owned or operated by the Village.
- B. The management and supervision of the stormwater management program shall be under the direction of the Director of Public Works.
- C. The Village hereby establishes a stormwater fund. All revenues of the stormwater management program shall be deposited into the stormwater fund and used for purposes of the stormwater management program as deemed appropriate by the Village Board.

Sec. 25-501 Scope of Responsibility for the Stormwater Management Program

The stormwater management program shall be responsible for the operation, maintenance, management and improvement of the stormwater system owned by the Village including all activities required by the Village’s NPDES stormwater permit.

Sec. 25-502 Determination of Service Charges

Stormwater service charges are established by this Chapter and the revenue generated by stormwater service charges together with any other sources of revenue that may be made available to the stormwater management program will be used to fund the obligations of the stormwater management program.

Sec. 25-503 Service Charges

A. Commencing on January 1, 2017 and continuing thereafter, a stormwater management program service charge of six dollars (\$6.00) is hereby imposed upon each water and/or sanitary sewer residential (with two dwelling units or less) customer service account and a stormwater management program service charge of twelve dollars (\$12.00) is hereby imposed upon each water and/or sanitary sewer commercial, industrial and residential multi-family (with more than 2 dwelling units) customer service accounts which shall be charged upon each monthly period or any portion thereof.

Sec. 25-505. Service Charges Billed In Common

The stormwater charge shall be billed on a common statement and collected along with water and sewer system charges. If payment is insufficient to pay the total of all portions of the utility bill, the payment shall be applied first to the water service charges.”

Section 2: That Section 25-104(b) of the Villa Park Municipal Code be and is hereby amended by adding Subsection (4) to read as follows:

(4) *Combined sewer separation charge:* Commencing on January 1, 2017 and continuing thereafter, a combined sewer separation charge of three dollars (\$3.00) is hereby imposed upon each water and/or sanitary sewer residential (with two dwelling units or less) customer service account and a combined sewer separation charge of six dollars (\$6.00) is hereby imposed upon each water and/or sanitary sewer commercial, industrial and residential multi-family (with more than 2 dwelling units) customer service accounts which shall be charged upon a monthly period or any portion thereof. The combined sewer separation charge shall only be used to fund the separation of the combined storm and sanitary sewer systems. The combined sewer separation charge shall be billed on a common statement and collected along with water and sewer system charges. If payment is insufficient to pay the total of all portions of the utility bill, the payment shall be applied first to the water service charges.

Section 3: This Ordinance shall be in full force and effect upon its passage, approval, and publication as provided by law.

Passed this 26th day of September, 2016.
