*Did you know that 73% of all child safety seats
are not used or installed correctly?*

The Villa Park Fire and Police Departments are hosting “Seat Check Saturday” as part of National Child Passenger Safety Week! Get your car seats inspected by Certified Child Passenger Safety Seat Technicians. This year’s theme is “Don’t Leap Too Soon - Take Your Car Seat to the Limit.”

Learn the five most common types of car seat misuse and which seat type is right for your child. Parents are strongly encouraged to bring their children to the event so that the technician can see how the child fits in the seat. Infant to booster seats can be checked. Seats will be checked on a first come - first serve basis.

Can't make it on Sept. 23? A CPS technician is available to check seats by appointment. Call Mary Hornback at the Villa Park Fire Dept. at 630.833.5350 for more information.
