**RE: Maple Area Improvement Project  
Temporary Loss of Driveway Access**

Dear Resident:

Construction of the **Maple Area Improvement Project** has now reached the point that the contractor is ready to begin installing new curb and gutter and replace driveway aprons in selected areas. Temporary patching of the roadway is also expected to take place during this time. This work is tentatively scheduled to begin Wednesday, December 1, 2021. Any remaining work is expected to take place once construction resumes after the winter shutdown.

**In order to allow this work to take place, residents will not have access to their driveways from December 1 through the following seven to ten days, weather and other circumstances permitting.** During this time, residents will be allowed to park during the day and overnight on side streets, where permitted, and will be allowed to park overnight on your street, where permitted, between the hours of 5:00 PM and 6:00 AM. The Villa Park Police Department will be notified of the need for this parking situation, and should accommodate residents accordingly.

**We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Wednesday, December 1, 2021.**

We fully understand that this work will be one of the most inconvenient portions of the project for residents, but would like to emphasize that this will mark a substantial move towards completion of the project. After the selected curb and driveway improvements are complete, preparing the project for the winter shutdown will continue.

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
