RE: **Maple Area Improvement Project (Oak and Myrtle)**

Dear Resident:

Construction of the **Maple Area Improvement Project** has now reached the point that the contractor is ready to begin the removal and reinstallation of new curb and gutter along portions of Oak Street (north curb line) and Myrtle Avenue (east curb line). This work is tentatively scheduled to begin on **Monday, May 2, 2022**. Sidewalk work is also expected to begin during this time.

In order to allow this work to take place, **residents will not have access to their driveways from May 2 through the following seven to ten days**, weather and other circumstances permitting. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Monday, May 2, 2022.**

During this time:

- Residents are asked to park on side streets outside of the work area during the day (where normally permitted).
- Residents will be allowed to park overnight within the work area (where normally permitted) between the hours of 5:00 PM and 6:00 AM. Any vehicles parked here must be out of the way by 6:00 A.M.
- The Villa Park Police Department will be notified of the need for this parking situation, and should accommodate residents accordingly.

We fully understand that this work will be one of the most inconvenient portions of the project for residents, but would like to emphasize that this will mark a substantial move towards completion of the project. After the curb improvements are complete, pavement work will continue.

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
