RE: 2017 Revised Preliminary Flood Insurance Rate Maps – 90 Day Appeal Period

Dear resident:

As you have been previously informed on June 1st the Federal Emergency Management Agency issued **Revised** Preliminary Flood Insurance Rate Maps (FIRM). This letter is to inform you that on February 28th, 2018, a 90-day Appeal Period will begin. This is the next necessary step towards the adoption of the new Flood Insurance Rate Maps (FIRM). During the map review process, the Village challenged the proposed maps, which ultimately resulted in the removal of 121 properties from the proposed floodplain.

You are in receipt of this letter because your property will be affected by the proposed map change. You can view the preliminary maps online as follows:

www.fema.gov/preliminaryfloodhazarddata. Click on the preliminary flood data search tool, “[preliminary flood data search tool](#)”, then complete the drop-down menu choices (Illinois, DuPage County, Preliminary Products, Preliminary FIRM Panels). There are five specific panes that pertain to Villa Park: 17043C0086J, 17043C0087J, 17043C0089J, 17043C0176J and 17043C0177J.

You can also view a paper copy of the maps at the Village of Villa Park, Department of Public Works, 11 West Home Avenue, Villa Park, IL 60181.

Attached to this letter is a correspondence from FEMA to the Village regarding this matter. You can also view the entire letter from FEMA on the Village of Villa Park website:

<http://www.invillapark.com/DocumentCenter/View/4940>

If you have any questions or would like additional information, please contact Vassili Voskresenski of Public Works Department at (630) 834-8505.

Yours truly,

Vydas Juskelis, P.E.
Public Works Director
