

RED, WHITE AND BLUE SHAVING CREAM SENSORY PLAY

If you've never let your toddler play with shaving cream then you really should give it a go! Its an easy toddler activity to set up, and one that they always love playing with. If you're worried about them getting it in their mouth or eyes you can easily substitute with whipped cream instead. For this [sensory bin](#) I recommend keeping it small as you want to keep the mess relatively contained!

WHAT YOU NEED:

- A container [one like this](#) but any kind of shallow container will do
- [Shaving cream](#) (make sure it's the old fashioned cream kind, not gel)
- [Food coloring](#) – red and blue

HOW TO MAKE YOUR PATRIOTIC SHAVING CREAM SENSORY BIN:

Fill your container with shaving cream in 3 lines

Add a few drops of red and blue food coloring

Mix the food coloring and the shaving cream together

LET THEM PLAY!
