## **RE: Plymouth Street Improvement Project Temporary Road Closure**

Dear Resident:

Construction of the **Plymouth Street Improvement Project** has now reached the point that the contractor is ready to begin laying the asphalt for the new road surface. This work is scheduled to begin on **Friday, October 30, 2020**. During this time, crews will be closing Plymouth Street from Ardmore Avenue to Villa Avenue. Paving operations may continue Monday, November 2 in the event that the work is not completed Friday.

We fully understand that this work will be one of the most inconvenient portions of the project for residents, but would like to emphasize that this will mark a substantial move towards completion of the project.

All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project.
