## **RE: Michigan Avenue Improvement Project Parkway Grass Repairs**

Dear Resident:

The contractor for the **Michigan Avenue Improvement Project** will be returning to the site this week to perform some remaining work and punch list items. This work will include the restoration and repair of areas in the parkway that have settled or are otherwise unsatisfactory.

To facilitate the parkway repair work, **it is recommended that any residents with tall grass in their parkways mow the parkway prior to this Wednesday, October 20.** Ensuring that parkway grass is at a reasonable height will help to ensure that any areas of the parkway needing attention are addressed. Tall grass may prevent areas of the parkway that need attention from being included with this work.

All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505.
